Actives and quiz reviews were helpful
The tutorial lectures were very helpful to refresh on topics we saw in the lectures or learn how to code in Stata.
The readings and lectures were sourced in accordance to the previous class lecture which helped me re-emphasize what was taught in class earlier that week and made learning this course manageable.
Her notes were so good.
The worksheets in class were very helpful to my learning and very applicable to the in class lectures.
This was a very helpful supplement to lecture.
The tutorial really helped cement the understanding of complex topics in class.
Tutorial examples were very helpful to solidify what we learned in lecture
Emily really understood what was going on in the main lectures and also broke stuff down super simplistically. I credit her with a lot of my success so far in the course.

Please identify what you perceive to be the greatest strengths of this instructor's teaching.

Comments
She was very sweet and easy to understand.
Emily is great at working with engaging examples and truly cares about us learning more, as shown by the effort she went through to write notes for the tutorials that we could study from.
The instructor is patient with students who take longer to understand the concepts and repeats the content during office hours depending on the number of times she is asked too, this patience makes it possible to learn in this course.
She explains very well and is engaging.
Emily was a very clear teacher. She explains concepts so that students understand, always comes prepared to class, and is very patient when lecturing and answering questions.
Emily was great and very thorough with explanations.
Very good at thoroughly flushing out answers to student questions in class.
Explained the concepts and examples really well, this is where I really began to understand what we were learning
I think she has strong explanation skills and her passion for the subject is infectious

Please identify areas where this instructor could improve his/her teaching.

Some of the topics we saw in the tutorial felt a bit repetitive, but that could just be the nature of tutorials.
She is a little soft spoken, which is still fine in some sense.
